### FINE AGRICULTURAL EXHIBIT.

Efforts to Be Concentrated at Farmers' Congress—Boys Corn Show and Stock Show Later.

At the request of the Commercial Club the agricultural committee, composed of J. Webb Howell, Fritz Yeager and Walter Wiprecht took the matter up with the farmers that assembled at Steep Hollow Tuesday morning. A very enthusiastic discussion followed and it was agreed that Brazos county have the best agricultural exhibit at College during the Farmers' Congress that was ever gotten together in the state of Texas. It was agreed also that this exhibit take the place of the one that was contemplated to be shown in Bryan. As the boys will have a corn show some time in September it was thought best not to have too many exhibits. A live stock exhibit of colts and hogs will be held at the same time of the boys corn show.

The following committees were appointed to get up exhibits from their respective communities:

R. L. Buchanan, Steep Hollow.  
W. H. Morgan, Reliance.  
J. H. Reed, Bethel.  
T. A. Barron, Rock Prairie.  
P. A. Hensarling, Holligan School House.  
E. D. Kuykendall, Leonard School House.  
Jeff Steele, Millican.  
W. J. Lawless, Kurten.  
J. L. Cobb, Cottonwood.  
W. H. McVey, Wellborn.  
Wash Norwood, Wellborn.  
Jno. Parsons, Wellborn.  
Ed. Ball, Brazos Bottom.  
Hy Shows, Parker School House.  
J. J. Riley, Independence.  
Blanche Pomaro, Cameron Ranch.  
Joe Polatz, Cameron Ranch.  
Aug. Merka, Smetana.  
Dominic Angona, Mudville.  
J. A. Henry, Edge.  
Jno. Tauber, College.  
J. L. Stasny, College.  
Jno. Dowling, College.  
F. A. Capps, Benchley.  
Frank Fickel, Rye.

The above committee are good live workers and will no doubt be able to get up an exhibit that every citizen in Brazos county will be proud of.

All exhibits that are not convenient to be delivered at College will be taken care of at the Farmers' Union warehouse and delivered at College without expense to the farmers. The congress meets July 26, 27 and 28th. This exhibit and the opportunity to learn and see what others are doing should cause each farmer in the county to attend one or more sessions. All exhibits should be delivered at College or Bryan by noon July 25th.

A. B. Carson went to Fort Worth today.

W. J. Burr was in today from Steep Hollow.

Dr. P. M. Raynor went to Houston this afternoon.

### FROM THE PINEY WOODS.

Call, July 10, 1910.

Bryan Eagle:

As my last letter escaped the waste basket, I will give the Eagle and its many readers a few more items from the piney woods of East Texas. We have had plenty of rain since my last letter to The Eagle was written, and crops of all kinds are fine.

The Fourth was observed here with a barbecue and basket dinner and speaking in the afternoon by the county candidates, and a ball in the W. O. W. hall that night.

Local politics are beginning to get pretty warm in this county but I think that prospects get better all the time for the election of Mr. G. C. Colson for county judge.

The population of Newton county is 11,500, which will cause the offices of district and county clerk and sheriff and tax collector to be divided.

Mr. Hiram Willis, who has been working here for several months, left for Bryan Friday.

Mr. Dee Cargill, of Brazos county, arrived Friday and intends to stay a few months.

There was a ten days debate commenced here today in the W. O. W. hall between Rev. J. J. Killean, a missionary Baptist of Kirbyville, and Rev. Gate, of the Christian church of Maryville, La.

I read with interest the proceedings of the Brazos County Singing convention and I wished that I could have been present, as it afforded me a great deal of pleasure to attend those conventions when I lived in Brazos county.

Wishing The Eagle and its many readers unbounded prosperity, I will quit for this time.

J. W. BENSON.

Mr. V. J. Dobrovolsky has accepted a position with Mr. F. A. Summerlatte, successor to Emmett Rohde, and would be glad for all his friends and the public to call on him there. Mr. Dobrovolsky is an experienced man in the saloon business and while he was engaged in the business for himself, always ran a quiet and orderly place. He will give Mr. Summerlatte the same class of service and will assist him in conducting a model place. The utmost courtesy will be extended all patrons, and everybody will find a cordial welcome.

Tom Skains of Franklin, is visiting his brother, J. W. Skains and family, of the Kurten community.

Mrs. C. A. Lafave and son, Volney Lafave, arrived this afternoon from Crowell, Ford county, to visit Mr. and Mrs. J. H. Henry, at Tabor.

Mrs. Zula Batte, Miss Gene Dennis and Miss Enla Elliott left today to visit Mr. and Mrs. Ernest Elliott at Andrews.

Mrs. T. K. Lawrence and Miss Dorcas Parker were passengers on the north bound "Hustler" today en route to Andrews to visit Mr. and Mrs. Frank Clarke.

Col. Levi Hickey, of Houston, a prominent member of Dick Dowling camp Confederate veterans, is in the city and was the guest of his friends, Mr. and Mrs. Luther Taylor, this afternoon.

The first load of new fodder was offered for sale on the street today. The farmers say they are now actively engaged in saving fodder which is the best hay or roughness which can be put into a farmer's barn.

Wanted—Ten pounds of nice clean rags at The Eagle office.

### ABOUT TOWN BOOSTING.

Pertinent Suggestions from a Citizen Relative to Bringing in New People.

When every investment yields for its owner a revenue greater than its par value in money will yield, there is no combined effort on the part of the land owners in that locality to hold up in glowing literature to the outside world telling of the advantages and prosperity they have.

In new western countries in their wild state without modern conveniences, the revenue, or I might say, profits on the lands, depends upon speculation, consequently it is the greatest part of the business of new countries to advertise in detail every advantage they have to offer. By systematic methods of advertising and the great assistance of the railroads in giving rates, the tide of immigration is handled so effectually that the homeseeker too often overlooks better opportunities where he can live with the advantages of every modern convenience without the hardships of a new country and within reach and under the influence of the best public schools, academies and colleges that modern times afford the people.

At equal prices and opportunities for investment, a seeker for a new location will at all times prefer to bring his family up under the influence of a college town, for there is a refinement that goes with a college town that other towns not so favored can not enjoy.

The new awakening in Bryan as to the advantages it has to offer to people hunting such a location, has brought forth the combined efforts of the business men into the organization of the Bryan Commercial Club, whose duties it is to assist prospective homeseekers in investments in land and whatever business they prefer.

Bryan and Brazos county have every advantage to offer homeseekers, evidence of which is the prosperity the people enjoy. There is no country that has better agricultural advantages, shown by the prizes won at the various state agricultural exhibits.

Nowhere in the South can better educational advantages be offered. Texas A. and M. college, Allen Academy, Villa Maria, Bryan Baptist Academy, public schools and kindergartens are all leaders and the highest standard of their class. To place these advantages before the outside world means the turning of the great stream of immigration coming from the North and East toward Brazos county.

To get conservative homeseekers interested means new citizens, for every investment at present prices means a good revenue, besides the yearly increase in value which doubles on an average of every twelve years. Be-

sides this the Bryan Commercial Club is not a combination of promoters in big real estate deals so characteristic to the boom of a new country.

### READY FOR BARBECUE.

Messrs. A. A. Dean, Lum Holden, Joe Walker and others having the Alexander barbecue in charge were in the city today winding up the last of the arrangements. Mr. Dean called at The Eagle office while here and informed us that everything was now in readiness and only awaited the coming of the people. The meat was all on the ground and on the pits when he left and the fires were lighted under it this afternoon. By morning it will be thoroughly done and juicy and fit for a king. Mr. Dean asked that we state to the shooters that there would be plenty of rocks and shells on the ground and the shoot will begin at 10 o'clock. Preparations have been made for a large crowd and Mr. Dean requested that we extend an invitation to everybody to come and enjoy the day.

### ANDREWS WON.

The contest for the location of the county seat in Andrews county has been spirited and of considerable interest to the people of this community on account of the number of Brazos county people that have gone to Andrews to make their home. The election to locate the court house was held yesterday and a telegram this morning from Mr. Ernest Elliott to Mr. W. H. Cole, stated that Andrews had won the fight by twenty-eight votes.

The Ladies' Aid Society of the Baptist church will give a progressive hay ride Friday night at 8:30. Those expecting to attend will please meet at the church. Those riding in wagons provided will be charged 25c and those using their own conveyances will be charged 10c. Stops will be made at the residences of J. A. Myers, J. M. Collier and M. E. Weaver during the evening where refreshments of ices and watermelons will be served. All are cordially invited to attend.
